Students have the benefit of curated content by experienced teachers & professionals.

Access to all content is available 24/7, allowing for flexible on the go learning anywhere in the world.

Programmes can be combined with personalized one to one classes & feedback sessions with a CEC teacher.

Online English for Doctors (B1—C1)

English for Doctors Self Study Courses specially designed to enhance the Medical English and clinical communication skills of international doctors and medical students who currently or intend to work or study in an English-speaking environment.

This self study course is devised for doctors and medicinal students with an upper-intermediate or advanced (B2-C1) level of English. The course will help in expanding their Medical English knowledge and abilities, enable them to communicate with accuracy and confidence, network at international medical forums, and equip them to work in the English-speaking healthcare world.

This medical course is for candidates who need to improve their level of English and use of medical terminology before preparing for Occupational English Test (OET). CEC Virtual allows learners to achieve their goals, build confidence in English and map their learning journey all from the comfort of their own home!

What's Included?

- 100 hours of content
- 4 Months Access for €119
- 4 months access + 5 hours of one to one classes for €319
- Minimum level required B1 Lower Intermediate
- Free online level test provided

Online English for Nurses (B1—C1)

Online English for Nurses is designed for those who want to work, or who are already working, in an English-speaking healthcare environment. Alternatively it is for those who are studying for a Nursing English test, such as the OET.

This self study course provides the English that nurses need to communicate successfully in all essential situations in the workplace - both with patients and with other healthcare professionals.

This CPD-accredited, 100-hour, online programme is devised for nurses with an intermediate (B1-B2) level of English. It will enable you to communicate accurately and confidently at work.

This medical course is for candidates who need to improve their level of English and use of medical terminology before preparing for Occupational English Test (OET).

What's Included?

- 100 hours of content
- 4 Months Access for €119
- 4 months access + 5 hours of one to one classes for €319
- Minimum level required B1 Lower Intermediate
- Free online level test provided

Reach OET B for Doctors (B2—C1)

Do you need to score a B in the OET Medicine Paper? Then this 60-hour online OET Medicine preparation course is for you.

Our unique online self study course gives you the language, the test techniques & strategies you need to achieve a high score in each of the four OET papers, Reading, Listening, Writing and Speaking. Reach OET B Medicine is excellent preparation for the OET Medicine Paper.

The course focuses on the OET test, so you get to know the format, content and task types you will see in the international OET test for doctors. You will listen to consultations and medical talks, read texts, complete summaries and answer questions on medical subjects, write letters based on case notes, and learn how to perform at a high level in the OET role plays. The course includes practice test questions and answers for every part.

The course is dynamic and interactive, with multiple activities, video and audio inputs and expert insights. And it's online, so you can study when you want, where you want.

Reach OET B is for practising professionals at B2 level or above who need to achieve certification in order to register with the relevant health authority.

What's Included?

- 60 hours of content
- 3 Months access for €99
- 3 months access + 5 hours of one to one classes for €299
- Minimum level required B2 Upper Intermediate
- Free online level test provided

Reach OET B for Nurses (B2—C1)

Reach OET B Nursing will help you **prepare to achieve a B grade on the Occupational English Test**. Need to score a B in the OET Nursing Paper? Then this online OET self study course is perfect for you.

Our distinctive online programme gives you the language skills and test techniques & strategies you need to achieve a high score in each of the four OET papers, **Reading, Listening, Writing and Speaking**. The OET Test was developed for 12 healthcare professions. Reach OET B Nursing is excellent preparation for the **OET Nursing Paper**.

The OET is a clinical English test recognised by government healthcare bodies to assess the medical English skills of international professionals, including doctors, nurses, dentists and allied health professionals. It is widely used globally and you can use the OET to prove your level of English when registering with the NMC or GMC to work in the UK and Ireland.

This **self study course** is dynamic and interactive, with multiple activities, video and audio inputs, expert insights and plenty of test practice. And it's online, so you can study when you want, where you want.

Reach OET B is for **practicingly professionals at B2 level or above** who need to achieve certification in order to register with the relevant health authority.

What's Included?

- 60 hours of content
- 3 Months access for €99
- 3 months access + 5 hours of one to one classes for €299
- Minimum level required B2 Upper Intermediate
- Free online level test provided

English for Care (A2—B1)

CEC's English for Care self study course enables carers with elementary or lower intermediate level English to give safe and effective care. The course covers a wide range of essential areas with a strong focus on **looking after patients, including the elderly and confused**.

Topics include managing pain, pressure area care, dealing with falls, mental health issues, infection control, dealing with elderly patients, taking observations, and managing daily activities, such as toileting, food, drink and mobility.

Inputs and tasks focus on interactions with patients and nurses, care-specific language, and essential medical and everyday terminology.

Learn on the go, **the course can be used wherever a learner has an internet connection**, allowing study to fit around busy work schedules. Inputs and activities are short and focused, so even 10 minutes will be enough to learn some useful language.

This **self study programme** is easy to use, enjoyable and above all – extremely practical in a professional healthcare environment.

What's Included?

- 60 hours of content
- 3 Months access for €88
- 3 months access + 5 hours of one to one classes for €288
- Minimum level required A2 Elementary
- Free online level test provided

Reach IELTS (B2—C1)

If you need a high score in IELTS for study or professional reasons, then this course will help you. Written by expert IELTS writer and trainer, Annelie Phillips, this online course teaches you everything you need to know to score between a 6.0 and a 7.5 in the Academic IELTS test - the language, the techniques and the strategies you need to maximise your score.

It includes expert insights, multiple practice activities, explanatory videos and model answers. It is the perfect preparation for your IELTS test.

There are 2 complete practice tests, written by a highly experienced test writer and taken under timed conditions, so you can really see how you might perform in the official test. Modules on each of the four papers: Listening, Reading, Writing and Speaking.

This online self study programme also covers essential study skills for each paper, how to answer IELTS test questions, the grammar structures you need to know and much more.

What's Included?

- 60 hours of content
- 3 Months access for €99
- 3 months access + 5 hours of one to one classes for €299
- Minimum level required B2 Upper Intermediate
- Free online level test provided
